Description

_Sprinkler Age_, the official publication of the American Fire Sprinkler Association, is published bi-monthly. The printed copy and digital copy are both distributed the first week of the month of publication.

**Terms and Commissions**

- Rates effective January 1, 2021.
- **Terms:** Payment due upon receipt.
- The publisher reserves the right to hold the advertiser and/or its advertising agency jointly liable for payment due, and for any collection fees that result from collection of a delinquent payment.
- A first-time advertiser in _Sprinkler Age_ that is not an AFSA member must pre-pay the first ad and provide credit references in order to establish credit. Based on payment history, subsequent ads will be billed in the regular monthly billing cycle.
- A 15 percent agency commission applies to space, color and position charges only. To qualify for the agency commission, the ad must be provided print-ready as specified by the electronic file requirements, and must include all corrections and/or changes.
- The earned advertising rate is based on the total number of full and fractional advertising units used in _Sprinkler Age_ within a 12-month contract period beginning with the month of the first insertion. In cases where the advertising contract rolls over into the following year, the new rate (if any) will become effective January 1 unless the majority of the contract’s insertions were placed in the previous year.

**Readership**

_Sprinkler Age_ readers have purchasing authority.

- The publisher reserves the right to reject any advertisement. Advertisers and their agents assume responsibility for the content of their advertisements. Advertising not easily distinguishable from editorial must be labeled “Advertisement.”
- All verbal instructions must be confirmed with _Sprinkler Age_ in writing by email within five days. Contracts may be canceled on 30 days written notice only. Individual insertion orders may not be canceled after the closing date.
- On contracts not completed, the earned rate at time of cancellation will apply.
- If no insertion order instructions are received from the contract advertiser by an issue's deadline, the most recent ad will be used for that issue.
- The publisher reserves the right to cancel scheduled advertising and apply the earned rate to ads published in cases where overdue payments exceed 90 days.
- Publisher reserves the right to charge up to 2 percent per month interest on invoices over 30 days past due.
- The advertiser represents and warrants that advertising is not false or misleading, does not contain any untrue, defamatory, harmful, abusive, vulgar or obscene materials, is in compliance with all applicable laws, does not infringe upon the rights of any other party, including but not limited to copyrights, trademarks, privacy rights, moral rights, trade secrets, patents and other rights. A special request from one of our members
courtesy of the American Fire Sprinkler Association

May 2016

Dear American Fire Sprinkler Association Member,

One of your fellow members is researching commercial fire sprinkler installations, specifically their hangers and supports. NFPA 13 sets out specific guidelines for supporting commercial fire sprinkler systems. It is the goal of this survey to understand how these guidelines are met. Only a very small number of people are receiving this 1-minute survey.

As a special Thank You, we are offering a Starbucks Gift card to the first 100 people who complete the survey. We hope you take a moment to help out this fellow AFSA member.

Receive a $10 Starbucks gift card if you are one of the first 100 to complete the survey.
