## Team up with AFSA

AFSA was created for contractors, by contractors just like you. The most successful contractors in the fire sprinkler industry are members. Our member-companies operate in all 50 states and span contracting, manufacturing, supplying, and government. From the latest technologies and code updates to members-only events and networking, AFSA is your partner in the fire sprinkler industry. Let our roadmap create greater success for you, your employees, and your business.

GREATER SUCCESS**

# Use AFSA's Proven Roadmap

Since 1981, we've helped thousands of companies just like yours achieve greater success and expertise. When you join AFSA, every employee can benefit from membership. These three fundamental maneuvers will keep your team on track in the fast lane.

STEP  
01

## Engage with Exceptional Services

Solve problems faster with AFSA's expert advice. Being an AFSA member is like having an FPE on your staff. You'll have access to our engineering and technical professionals for free informal interpretations that save members, on average, \$3,500 each. Our pros advocate for you and your business.

STEP  
02

## Boost Your Technical Knowledge

As a member, you have access to the best training in the industry at members-only rates. Gain higher profitability by heightening your technical knowledge. Offerings include our four-level Fitter Correspondence course and our exclusive 20-month ITM Inspector Development Program. Whatever your education and training needs, team AFSA is here to set you up for success.

STEP  
03

## Turbocharge Your Connections

AFSA has numerous local chapters, an active online community, and hosts the industry's largest fire sprinkler industry show, all of which fuel networking. With over 40 educational sessions, it's your one-stop-shop for CEUs/CPDs.

**Are you  
driven to  
succeed?**

***AFSA provides all  
the resources we  
need to thrive in  
the industry and  
is a big asset to  
the bottom line of  
our company.***
